

Cymbal Group Global Travel and Expense Policy

Effective Date: January 1, 2026

Applicability: All Cymbal Group Employees globally (including Cymbal Retail, Healthcare, and FSI subsidiaries).

1. Core Principles

Cymbal Group is committed to supporting our employees while traveling for business. Employees are expected to spend company funds responsibly and ethically. All travel must be booked through the approved Cymbal Travel Portal.

2. Air Travel

Employees should always book the most logical and cost-effective routing.

2.1 Cabin Class Eligibility

Cabin class eligibility is determined strictly by the scheduled flight duration (wheels-up to wheels-down), not including layovers.

- Economy Class: Required for all domestic flights and any international flights with a scheduled duration of under 6 hours.
 - *Note: Flights between European cities (e.g., Dublin to Zurich, London to Paris) fall well under the 6-hour threshold and must always be booked in Economy.*
- Business Class: Permitted only for international flights with a continuous scheduled flight duration of 6 hours or more.
- First Class: Strictly prohibited for all employees regardless of flight duration, level, or subsidiary. Exceptions require explicit, written pre-approval from the Cymbal Group Board of Directors.

2.2 Upgrades

Employees may use their personal frequent flyer miles or personal funds to upgrade their cabin class. Cymbal Group will not reimburse personal funds used for seat upgrades.

3. Meal and Incidental Expenses (Per Diem)

Cymbal Group reimburses employees for actual meal and incidental expenses incurred during business travel, up to a strict daily maximum cap based on the destination country.

Key Rules:

- Caps include all meals, snacks, tips, and incidentals for a single 24-hour period.
- Itemized receipts are required for any single meal exceeding \$25 USD (or local equivalent).
- Alcohol is not a reimbursable expense under any circumstances.

3.1 Daily Meal Caps by Country

The following table outlines the maximum daily allowance. If a country is not listed, the default "Rest of World" cap of \$60 USD applies.

- In-room movies, minibar purchases, and spa services are non-reimbursable.
